1. At 1930 on 24 May 1954, a group of three vessels was seen in Gdynia Roads. The vessels were of uniform type, had a raking stem, a continuous deck without a sheer, a long-stretched bridge with one mast and, just aft of the bridge, a smokestack with a slanting hood. A gun of about 88 millimeter caliber, apparently the only armament, was on the foredeck. [redacted]
[redacted] The group had disappeared the next morning.
2. Another vessel of the same type described [redacted] was seen in Ochofot Harbor. Two landing ships were moored in the harbor basin. They had no markings nor was any armament seen on them. The bridge was aft and had a small mast. A three-masted sailship was in the harbor basin west of the Yugoslavian Pier. On 27 May, a three-masted full-rigged ship and a submarine were seen at the harbor entrance.
